Dear Associate Professor Dr CHAN Cecilia, Head of Professional Development

It was our great pleasure to meet with you and listened to your talk at the Education Conference in Bangkok last month. We were very impress and inspired by your presentation on generic skill.

Prince of Songkla University (PSU) will be hosting the "PSU-Education Conference" with the aim at sharing experiences in Education amongst universities in Southern Thailand. This year is the fourth PSU Education Conference with the theme:"Instructional Design for Autonomous Learners" and expand to participants from universities in Thailand. It would be our honour and great opportunity if you could share with us on the case study from the University of Hong Kong on related topics of education. The conference will be held at Prince of Songkla University, Hat Yai, Thailand during December 19-20, 2016. The workshop will be on December 19 and your talk is scheduled on December 20.
